

HOW TO GET WEBEX APP INSTALLED AND HOW TO USE IT

1

Go to Play store & Tap here

2

Type webex in finder box on top you will see webex app icon and tap on install button

3

After installation is done tap on open button

4

Tap on accept button

Type your own email account details here
If you don't have one then make an email id
first then use it here

Tap on your account details here given by webex

You will be prompted to key in
your password here

Now you can either host your meeting or Join someone
as the case may be. Teachers will tap on Start Meeting
but Students will tap on Join Meeting

9

Third button is to share your content

First button is to activate your mic so that you can talk. Second button for video

10

In the beginning your meeting number will be displayed like this. Share your number so that others can join you.

11

If some one is waiting to join your meeting it will be displayed like this. Tap on that to admit.

12

If you keep the video button inactive like this others can not see you

13

Tapping on this information button details of your account will be displayed

14

This way your room information will be displayed, note this to share. Passcode is encircled

15

Ask others who want to join you to put the 9 digit passcode you shared on their mobile like this. After typing the code, let them tap the join button

16

When you want to share any content with others tap the 3rd button of 3 dots as referred in page 3, the display is this, for sharing tap on share content as in arrow

On tapping the settings button you will be displayed this screen, if you want to use white board to write or draw tap here

On tapping this it turns into white now you can draw or write on this board by even choosing a colour

When you draw with your finger tips letters appear like this, you may use a blunt pencil also to write what you want

When you want to erase the content you can tap this eraser button and rub what you wrote with your fingers, it will slowly vanish

21

When you tap on TT symbol and start typing Choosing the colour you like the white board will show what you type and it will be shared

22

When you tap on the share content page on photos The photos in your mobile can be shared like this

23

On share content page if you tap on screen your device screen can be shared like this

24

When you want to finish the meeting tap here on the last button and tap on the red tab appeared

25

Tap here and go to your account settings

26

Your screen will appear like this. Tap on sign out and ensure that you have signed out

27

Your screen will appear like this. Tap on sign Yes and ensure that you have signed out

28

After you sign out your screen will look like this. If you don't see Join Tab and Sign in Tab like this it means you have not signed out.
